

To whom it may concern:

Tansi, my name is Kevin Amahoose I am a Kehewin band member and have lived and worked in Kehewin my whole life. My parents are Willard and Leona Amahoose my grandparents are Jim and Delphine Amahoose.

I have worked as an electrician since I was 15 years old I worked with my uncles then after I finished high school I worked various jobs but electrical was always a dream of mine to finish and start a contracting business to help in my community last year I finished my trade training with the support and funding from Kehewin Cree Nation which I am very grateful for. I am now a certified electrician, I have been working ever since here in Kehewin and some of the other surrounding communities as well.

I have always seen education as our greatest tool. I know that as a leader you are to lead by example I have always told my children that to move forward and to get ahead in life there is only one way, to learn and get the best tools to build a good solid foundation and education is what is needed. I believe I have a lot to offer my community so that is why I have decided to run for council I believe that if we have a vision and a focus we can create a community that can not only be a strong nation but an inspiration to other communities as well so we need to work together to get our future leaders the ones coming up right now in our schools our children we can show them that working together and respecting one another, using our past as a guide is a good way of moving forward to reach our goals as a community ekosi hiy hiy.
